

Pipeyard Management

PIPEYARD MANAGEMENT SOFTWARE "FOR THE WAY YOU WORK"

Cendec's Pipeyard Management

CPM helps you manage your yard with its impressive array of pipeyard management features:

- **CLIENT INFORMATION** – Client specific information such as PO#s, API requirements, drawing numbers, well information etc. can all be tracked.
- **INVENTORY DATA MANAGEMENT AND TRANSACTIONS** - Easily validate what every client has in your yard. Easily determine for your clients where the items came from, their condition and the services performed on them.
- **WORK ORDERS** - Various services that need to be performed including costs and time can be tracked on the work orders providing you with historical information and supporting documentation you require when managing your billing process.
- **SERVICES** - The system has the capability to manage rate sheets and service costs based on various criteria including the service to be performed and the client it is performed for.
- **BUYING / SELLING** – Provide information to your clients on items available in your yard to help them acquire or sell surplus stock while acting as a "firewall" between buyer and seller.
- **SHIPPING** – Bill of Ladings and Tally sheets are easily created to specify item details such as description, condition, quantity and joints, transporter and truck numbers.
- **POWERFUL QUERY AND REPORTING FUNCTIONS** –
 - View yard inventory by client
 - View complete work history for items
 - Track in/out by client
 - Track services by client
 - Customizable forms for ISO compliance, WO, BOL, Tally Sheets, etc.
 - Exports to E-mail and Excel easily

Cendec's Pipeyard Manager provides you with the capability to see your yard inventory by who owns it, what it is, it's condition, where it needs to go and any services your clients require you to perform for them including costs.

Cendec strives to design systems that are intuitively arranged from the users' perspective and compatible with their work requirements. Our systems combine accuracy, consistency and superior functionality with flexibility and ease of use.

★★★★★★★★★★
